

Fernando Nascimento Oliveira

Programador

Programmer from Rio and Developer 4 years ago, creative, self-taught, able to learn and quickly adapt to new tools and technologies. I always enjoyed technology and software development. I started to program at fourteen years old and looking for improvement further and further.

Work History

- 2021-12
- present

Full-stack Developer (Intern Program)
Link Informática, Rio de janeiro

I developed mobile apps, web systems for clients and a SAS platform for intern purposes. everything was made with react and react-native.
- 2019-04
- 2020-07

IT assistant
Império das pizzas, Rio de janeiro

I worked at computer and Network assembly and maintenance, besides that, I build a storefront and back-office system.

Education
